SUMMER STEAM

SPLASH & SCALES: OCEAN ADVENTURE

Dive into the world of animals, beaches, and ocean life in Splash & Scales, an exciting one-week STEAM course where science, technology, engineering, art, and math come alive through ocean adventures! Each day, students will explore sea creatures, build sand habitats, design mini tide pools, and even create water-inspired art. From learning how fish breathe underwater to discovering the secrets of coral reefs, this workshop is packed with hands-on projects that bring the wonders of marine life and beach ecosystems to life. Join us for a week of science and creativity, where the ocean is your classroom!

KIDS Summer ART

Seashells and Sunsets: Beach and Ocean Art Adventure Course

Get ready to dive into creativity with our *Sea & Beach Life Fine Arts Summer* program! This enrichment course is perfect for young artists who love the ocean and sandy shores, where each day brings new, exciting projects inspired by the wonders of the sea. You'll create colorful beach landscapes, paint beautiful ocean creatures, and even sculpt seashells, starfish, and other seaside treasures! With hands-on activities like sand art, sea glass mosaics, and driftwood designs, you'll be able to explore all the amazing things that make the beach magical. Join us for a summer of sea-inspired art adventures, and make waves with your imagination!
